Delivery Header ID Exported via Despatch

OrderWise Ref: 62464
 Menu Option: OrderWise | eCommerce | eCommerce Session | [Add/Edit] | Web Shop [tab]

- Export type

 Status: Enhancement
 Licensed Feature: Yes (Web Shop Integration)
 Detail: When 'Export type' is set to 'Despatches', a 'delivery_id' field is included in the export XML file that contains the delivery header ID. This has been added to allow better splitting of part-shipped deliveries or deliveries separated across multiple packs.

Quick Order Additions

OrderWise Ref: 61979
 Menu Option: Admin | Modules | Pallet Builder | General [tab]

- Show 'Add Pallet' Button Wherever 'Add To Basket' Button Displayed

 Admin | Modules | Quick Order | General [tab]

- Show Image

 Admin | Modules | Quick Order | Pallet Builder [tab]

- Show Pallet Total Graphic With Textual Display
- Show Message For Incomplete Pallets
- Show Message For Complete Pallets
- Show Message For Minimum First Pallet Percentage Not Met
- Do Not Allow 'Checkout' Button Until Minimum First Pallet Percentage Met
- Show 'Add Full Pallet' Button
- Show 'Make Pallet' Button

 Admin | Configuration | Translations | Quick Order | Pallet Builder

- incomplete_pallets
- complete_pallets
- minimum_pallet_percentage_not_met
- add_pallet_button
- make_pallet_button

 Admin | Configuration | Translations | Pallet Builder

- add_pallet_button

 Status: Enhancement
 Platform: Trade Portal & Layout Editor
 Licensed Feature: Yes (Pallet Builder)
 Detail: When adding variants to the Quick Order form (with the Account Area V1 and Pallet Builder module enabled) an image displays the percentage in which the pallet is filled, along with a textual amount below. A 'Make Pallet' and 'Add Pallet' button are also available in which Users can auto fill the pallet.

Export Return Updates from OrderWise

OrderWise Ref: 62555
Menu Option: Admin | Configuration | OrderWise Sessions
 • Order Return History
Status: Enhancement
Platform: Trade Portal & Layout Editor
Licensed Feature: Yes (OrderWise Returns)
Detail: An export definition has been added to the Order Return History session. When this is in use, this will export any offline order returns made.

'Current Password' Field Added

OrderWise Ref: 62902
Menu Option: Admin | Configuration | Administrators | [New/Edit] | Details [tab]
 • Current Password
Status: New Development
Platform: Trade Portal & Layout Editor
Licensed Feature: No
Detail: When changing an administrator password in the Admin or a User password on the front end, the current password must also be specified.
