Online Store Release Notes

2024.Q1

2024.1
March, 2024

ORDERWISE

Table of Contents

Update to Opayo URLs

OrderWise Ref: 65386
Menu Option: Admin | Configuration | Payment Methods
- Opayo by Elavon Direct
- Opayo by Elavon Form

Status: Enhancement
Platform: Trade Portal & Layout Editor
Licensed Feature: No
Detail: Updated the Opayo Direct and Form Payment Method names.

Length Calculator Module Amendments

OrderWise Ref: 64972
Menu Option: Admin | Configuration | Translations
- Length Calculator > quantity_input_label_override

Admin | Modules | Length Calculator | General [tab]
- OrderWise Width Product Option

Status: Enhancement
Platform: Trade Portal & Layout Editor
Licensed Feature: Yes (Length Calculator)
Detail: The Length Calculator module has been amended to replace the 'Enter Cut Sizes' modal with Width and Length fields that are used to calculate the m^2 value, from which the variant quantity is determined.

Worldpay Payment Method Amendments

OrderWise Ref: 65898
Menu Option: Admin | Orders | All Orders | [Edit] | [Review]
Status: Enhancement
Platform: Trade Portal & Layout Editor
Licensed Feature: No
Detail: Failed Worldpay payment reasons are shown in the 'Payment Logs' within the 'Review' section of an order. The 'Review' section will also display if the payment has been manually marked as successful.

Google Group ID

OrderWise Ref:	65190
Menu Option:	Admin | Modules | Google Shopping | Download Latest Feed [tab]
Status:	Enhancement
Platform:	Trade Portal & Layout Editor
Licensed Feature:	Yes (Google Shopping)
Detail:	The Google shopping feed returns 'item_group_id', which is populated by the Product Code.
